- **Public Comment.** None

- **Approval of September 13, 2018 Minutes.** Martin motioned to approve the September 2018 minutes. Abby seconded and all members in attendance approved with noted corrections.

- **ESB Business**

- Recycling Discussion. Members discussed glass recycling options. Patrick suggested that a pilot program of some type might be a good option. Ideas that had been generated included:
  - Having SHACOG organize a collection for its members
  - Having weekend events similar to other recycling events such as electronics
  - Asking PRC for leads
  - Contacting Biggs
  - Roadrunner
  - Educational component

Kelly advised that the Commission would consider cost-effective options.

- **Commission Business.** Kelly reported that:

- The Commission will be voting on sewer lateral testing.
- Some Commissioners have asked if there are other communities who have commercial rain barrel incentives
- Analysis of various uses that aren't environmentally friendly throughout the municipality.

Abby suggested revisiting the Climate Action Plan and Comprehensive Plan.

- **New Business.** None

- **Adjournment.** Abby motioned to adjourn the meeting and was seconded by Sarah, and unanimously approved by the members present.
