

**Mt. Lebanon Environmental Sustainability Board**  
**Meeting Minutes**  
**June 14, 2018 - Room C**

- **Call Meeting to Order**

Roll Call:

**Attendees:**

Patrick Eberz, Chairperson  
Natalie Uschner-Arroyo  
Sarah Levinthal  
Martin Altschul  
Nora Alwine  
Rogerio Arns Neumann  
Kelly Fraasch, Commission Liaison  
Bonnie Cross, Staff Liaison

**Absent:**

Abby Lawler Morycz

- **Public Comment.** None

- **Approval of May, 2018 Minutes.** Nora motioned to approve the May 2018 minutes. Natalie seconded and all members in attendance approved.

- **ESB Business**

- Green Guide – Bonnie advised that the Public Information Office was working on the graphics and would provide an update at the July meeting.
- Sustainable PA Certification – Bonnie provided a listing of the criteria that the municipality has received credit for, as well as the criteria that it could still work on. Staff is trying to check the links to the website.
- McNeilly Park Grant Submission. Bonnie provided a layout and explanation of the park plan that would occur if the grant is awarded. She will send out the grant application.

- **Commission Business.**

- Commissioner Fraasch reported that, subsequent to the heavy rainfall recently experienced, the rain grates are not taking in the water because some grates are blocked. Correction of these may be a budget item, similar to the consent decree for Youngstown, Ohio.
- Kelly also mentioned that there will be a meeting at 7:15 a.m. at Coffee Tree with Richard Silvanti regarding a business co-op for composting. ESB is welcome to attend.
- Over Memorial weekend, Republic missed trash for several days for a significant number of residents. The Commission met with them at a Discussion session to determine why this occurred.

- **New Business.**

- ESB members asked what was being done with the Public Works site. Natalie asked whether there would be plantings done since all of the trees had been removed. She also asked whether the building was being actively managed for sediment and whether the berm was correctly being installed.

- **Adjournment.** Natalie motioned to adjourn the meeting and was seconded by Martin, and unanimously approved by the members present.
