- **Public Comment.**

- Mt. Lebanon Girl Scout Troop #52910 provided a presentation to the ESB on a project that they had been working on to remove polystyrene from their school cafeteria. The scouts explained the dangers of the use of polystyrene, discussed cost benefit issues that they had researched, and verbal surveys that they had done. At the close of their presentation, the Troop asked if the Board would support them in this endeavor. Commissioner Fraasch suggested that the Mt. Lebanon Commission might pass a resolution in support of their project, and also mentioned that it might be possible for the Troop to present their information to the Commission. The Board commended them on the in-depth work that they had done on this project.

- **Approval of February, 2019 Minutes.** Natalie motioned to approve the February 2019 minutes. Abby seconded and all members in attendance approved.

- **ESB Business**

- The Board continued a discussion of polystyrene as it relates to the recycling contract, as well as the use of it by the municipality. The Board members discussed the possibility of doing building audits.

- **Commission Business.**

- Bonnie provided the Board with the dates and locations of the monthly glass recycling drop off and advised that it had been put online. She also advised that a link had been provided to the LeboGreen site for Earth Day.

- **New Business.** None.

- **Adjournment.** Abby motioned to adjourn the meeting and was seconded by Sarah, and unanimously approved by the members present.
