

**Mt. Lebanon Environmental Sustainability Board**  
**Meeting Minutes**  
**August 8, 2019 - Room C**

- **Call Meeting to Order**

Roll Call:

**Attendees:**

Abby Lawler Morycz  
Nora Alwine  
Timothy Reidy  
Bethany Foster-Wilhelm  
Heather Wechter  
Bonnie Cross, Staff Liaison

**Absent:**

Sarah Levinthal  
Natalie Uschner-Arroyo  
Kelly Fraasch, Commission Liaison

- **Public Comment. None**

- **Approval of July, 2019 Minutes.** Tim motioned to approve the June 2019 minutes. Heather seconded and all members in attendance approved.

- **ESB Business**

- Waste Reduction Ideas for the Magazine – The Board discussed ideas that centered on upcoming events such as Halloween, Thanksgiving, and Christmas, and giving ideas to reduce or reuse. Members will contribute their ideas to a Google document and give Public Information office access to it. Along the same lines, other ideas generated included providing residents with Eco/Carbon Footprint calculators, and coming up with ideas on how to reuse everyday things, such as ‘Buy Nothing Mt. Lebanon’ where people advertised giving away items that someone else might want.
- Waste display at upcoming event/s – There was some discussion regarding in what events to participate, however, there are only a few remaining this year.
- Plan municipal building audit – Members discussed how they would go about doing an audit of the municipal building and providing the Municipal Manager with some ideas on reducing waste and energy. Bonnie will find out what blueprints/drawings are available, along with any other information available.
- Green block party ideas – Members will generate ideas that can be put into a simple brochure on how to make block parties and tailgate parties zero-waste events. Given that most of the events are underway or over, the brochure can be developed to be handed out with block party permits next year.

- **New Business. None**

- **Adjournment.** Nora motioned to adjourn the meeting and was seconded by Bethany, and unanimously approved by the members present.
