

2020 FALL LEAF SCHEDULE

Mt. Lebanon's leaf pickup begins **Monday, October 5**, and ends **Saturday, November 28**. Depending on the weather, collection *may* be extended one week or a maximum of two weeks. If we experience an accumulating snow before the extension week, leaf collection will end. Leaf pickup is one day prior to your regular garbage collection day, rake leaves into the street the day before pickup day. To reduce leaf accumulation in streets, please refrain from raking leaves into the street immediately after the collection truck has passed. If you rake leaves several days before pickup, store leaves in your yard, behind the curb and not in the street. Poor weather conditions, such as snow or rain, may delay pickup— please be patient.

Visit www.mtlebanon.org for leaf pickup information.
