## **I. General Description**

The Municipality of Mt. Lebanon requests the submission of proposals for a one-time contract for professional services relating to a Parking Study of the Beverly Road Commercial Corridor.

The municipality adopted a Comprehensive Plan in October of 2013. One of the stated objectives of the plan is to encourage strengthened vitality of the community and business districts. A comprehensive revision of the Subdivision and Land Development Ordinance was completed and adopted in 2001 and an update to the municipality's Zoning Ordinance was completed and adopted in 2005. All of these documents can be accessed online at the municipality's website, [www.mtlebanon.org](http://www.mtlebanon.org).

Mt. Lebanon is located in Allegheny County, Pennsylvania about six miles south of the City of Pittsburgh and is a suburban community of 33,137 persons according to the 2010 census data. Housing units consist of approximately 70% single-family residences and 30% multi-family residences. As a largely built-out community Mt. Lebanon must consider the benefits, impacts and opportunities presented by redevelopment and infill development.

Mt. Lebanon, Pennsylvania, offers an attractive mix of the best things about city and suburban living:

- Outstanding municipal services
- State-of-the-art Police and Fire services
- National Blue Ribbon schools
- Distinctive neighborhoods
- Vibrant business districts
- Parks and playgrounds
- A complete recreation complex
- An outstanding public library
- Variety of cultural opportunities

The municipality is seeking a consultant who will have experience with land use regulations, public involvement processes and the ability to apply and effectively present innovative concepts to policy makers and the general public. Beverly Road stakeholder input shall be a part of this planning process.

The Parking Study will be consistent with the goals and objectives of Allegheny Places — the Allegheny County Comprehensive Plan, the Mt. Lebanon Comprehensive Plan as well as other policies regarding land use initiated by the Commonwealth including the MPC.

The final plan should have a well-designed format that utilizes an appropriate mix of text, graphics, photographs, charts and maps to convey its findings and recommendations concisely and effectively. The format and content should be designed to be straightforward so that it is easily understandable to the average resident and reader.

## **II. Background Materials**

The following documents are available on the municipal website, [www.mtlebanon.org](http://www.mtlebanon.org) and should be reviewed by the respondent to provide additional background information on the municipality and previous planning efforts:

- *Mt. Lebanon Comprehensive Plan (2013)*
- *Mt. Lebanon Zoning Ordinance*
- *Current public parking inventory and locations*
- *Current land use and parcel map*
- *Other items deemed as necessary*

## **III. Scope of Service**

The following outline is designed to describe key components of the Parking Study in addition to the general services to be provided by the consultant. Mt. Lebanon is seeking a parking analysis and plan (parking study) that will provide for current and future parking needs to ensure continued economic health of the Beverly Commercial District. This study will include an evaluation/audit of current parking demands, analyze future parking demands and make recommendations for accommodating any proposed need for additional parking. The outline is not necessarily all-inclusive and the consultant shall include in the proposal any tasks and services deemed necessary to complete the project.

### **A. Beverly Road Parking Analysis**

- a. Analyze current parking supply and demand of Overlook Lot and on-street parking.
- b. Conduct parking audit during appropriate periods of time that provides information on parking turnover and occupancy patterns of Municipally owned lots and on-street parking.
- c. Analyze the impact of future development or redevelopment on parking demand.
- d. Evaluate customer and employee parking to determine measures for improved efficiency.
- e. Identify areas of current public parking deficiency (if existing).
- f. Identify ways to maximize use of existing parking assets.
- g. Identify locations best suited for new parking assets and provide a phased implementation plan to meet future parking needs.
- h. Review current parking restrictions.
- i. If necessary, evaluate the feasibility of multi-level parking structure for current and future parking demands and identify suitable locations for a ramp(s). Provide a detailed budget for design, site preparation, and construction of ramp(s).

- j. Explore options for public/private partnerships for the most efficient use of available space that include non-municipal owned parking facilities.
  - k. Explore enhancing pedestrian/cycling trips to reduce parking demands.
- B. Public Participation and Communication**
- a. Kick-off meeting with Mt. Lebanon staff to plan stakeholder/public participation process and dates.
  - b. Up to three (3) stakeholder meetings with Beverly business owners, employers, residents, parking advisory council, traffic review board and Municipal staff.
  - c. Up to three (3) public input meetings.
  - d. One (1) final presentation of the final Parking Study to Mt. Lebanon Commission.

The purpose is to achieve the alms of the United States and Pennsylvania Constitutions. Executive Order 1972-1, the Pennsylvania Human Relations Act, Act of October 27, 1955, (P.L. 744), as amended (43 P.S. 951, et. seq.) and (43 P.S. & 153), assure that all persons are accorded equal employment opportunity without regard to race, color, religious creed, handicap, ancestry, national origin, age, or sex.**

Contractor shall take affirmative action to insure that applicants are employed, and that employees or agents are treated during employment, without regard to their race, color, religious creed, ancestry, national origin, age, sex or handicap. Such affirmative action shall include, but is not limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training. Contractor shall post in conspicuous places, available to employees, agents, applicants for employment, and other persons, a notice to be provided by the contracting agency setting forth the provision of this nondiscrimination certification.

Similar notice shall be sent to every other source of recruitment regularly utilized by bidder.
- (d) It shall be no defense to a finding of noncompliance with this nondiscrimination certification that contractor has delegated some of its employment practices to any union, training program or other source of recruitment which prevents it from meeting its obligations. However, if the evidence indicates that the contractor was not on notice of the third-party discrimination or made a good faith effort to correct it, such factor shall be considered in mitigation in determining appropriate sanctions.

- (e) Where the practices of a union or of any training program or other source of recruitment will result in the exclusion of minority group persons, so that contractor will be unable to meet its obligation under this nondiscrimination certification, contractor shall then employ and fill vacancies through other nondiscriminatory employment procedures.
- (f) Contractor shall comply with all state and federal laws prohibiting discrimination in hiring or employment opportunities. In the event of contractor's noncompliance with the nondiscrimination certification or with any such laws, this contract may be terminated or suspended, in whole or part, and contractor may be declared temporarily ineligible for further Municipality of Mt. Lebanon contracts, and other sanctions may be imposed and remedies invoked.
- (g) Contractor shall furnish all necessary employment documents and records to, and permit access to its books, records, and accounts by, the Municipality of Mt. Lebanon Manager for purposes of investigation to ascertain compliance with the provisions of this certification. If contractor does not possess documents or records reflecting the necessary information requested, it shall furnish such information forms supplied by the Municipality of Mt. Lebanon Manager.
- (h) Contractor shall actively recruit minority and women subcontractors or subcontractors with substantial minority representation among their employees.
- (i) Contractor shall include the provisions of this nondiscrimination certification in every subcontract, so that such provisions will be binding upon each subcontractor.
