

Municipal Wood Chips

Wood Chips

Available!

Woodchips are a medium-sized solid material made by cutting, or chipping, larger pieces of wood. Woodchips may be used as an organic mulch in gardening and landscaping. Best of all, it is one of Mt Lebanon's best-kept secrets.

Gardeners can get wood chips at the Mt. Lebanon Golf Course Maintenance Facility for a small fee. This is a self serve program; please bring your own tools and containers.

Wood chips are available for everyone (residents and non residents).

Monday through Friday and first Saturday of each month, April – October from 7:00 a.m. – 2:30 p.m.

WOOD CHIPS

\$3.00 / BUSHEL OR \$20.00 / TRUCK LOAD
